The **“World Cardiology Conference”** hosted by conference series with the theme, [New Insights in Cardiology for a diverse World](#) was successfully executed during [July 10-11, 2019](#) in [Osaka, Japan](#). The latest and exciting innovations in all areas of Cardiology research offering a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. Benevolent response and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the Scientists, Doctors, Professors, Nursing Lecturers, Nurses, Pharmaceutical Industries, Healthcare Industries, Researchers and Students from the fields of Healthcare, those who involved in this successful event.

The conference was initiated with the Honourable presence of the Keynote forum. The list includes:

- “Commonness of familial hypercholesterolemia in Egyptian patients with intense coronary disorder” by Hesham Salah El-Din, Cairo University, Egypt
- “Advances in arrhythmia diagnostics” Erik S Poulsen, Co-founder at Cortrium ApS, Denmark

[Conference series llc ltd](#) is organizing “27th International Conference & Exhibition on Cardiology and Cardiovascular Medicine” which is going to be held on June 23-24, 2020 at [Osaka, Japan](#). This conference is going to cover the entire field related to Cardiology, its complication and the management and it also cover what is the innovative treatment related to their disorders. Our Conference can review the major event in developing, upgrading and teaching Cardiac Regeneration, Cardiology, Cardiac Imaging, and many more. Our Discipline strongly bracing by the possibilities offered by Cardiology and by the progress in experimental pharmacology, needs this important moment, which can be reviewed by our World Congress Event. In the same way, the achievements of randomized clinical trials, epidemiological surveys, and large meta-analysis will allow us to better understand the

possibilities and advantages of our therapies and diagnostic approaches.

The conference highlights of 2020 are as follows:, [Cardiovascular Disease](#), Diabetic Interventional Cardiology, Pediatric Cardiology, Cardiac Imaging, Clinical Cardiology, Cardiovascular Disease, Women and Cardiac Arrhythmia, Echocardiography, and Current Research in Cardiology

The Research Areas including but not limited to the below mentioned topics can be discussed in the conference;

- [Cardiovascular Diseases](#)
- [Congenital Heart Diseases](#)
- [Cardiovascular Engineering](#)
- [Cardiac Problems in Pregnancy](#)
- [Hypertension & Sports Cardiology](#)
- [Pediatric and Neonatal Cardiology](#)
- [Cardiovascular Surgery & Healthcare](#)
- [Clinical Case Reports on Cardiology](#)
- [Invasive and Interventional Cardiology](#)
- [Stem Cell Regeneration on Cardiology](#)

- [Cardio-metabolic Health- Diabetes & Obesity](#)
