

## Market Analysis of Global presence of your research at Endocrine Metabolic Syndrome 2020 scheduled during April 13-14, 2020 Auckland, New Zealand

### Mohamed Zaky

Alexandria University, Forestry and Wood Technology Department, Faculty of Agriculture, Egypt, E-mail: [zaky\\_tree@yahoo.com](mailto:zaky_tree@yahoo.com)

Conference series is hosting the [World congress on Endocrinology and Metabolic syndrome](#) (Endocrine Metabolic Syndrome 2020) at Auckland, New Zealand during April 13-14, 2020. Endocrine Metabolic Syndrome 2020 Conference is based on the theme of "Communication, Innovation and Development in the field of Endocrine Metabolic Syndrome"

The North America diabetes care devices market is expected to reach US\$ 15,300.0 Mn in 2027 from US\$ 8,936.5 Mn in 2018. The market is estimated to grow with a CAGR of 6.3% from 2019-2027.

The global insulin pumps market was worth US\$ 3.9 Billion in 2018 and expects the market to reach a value of US\$ 5.5 Billion by 2024; registering a CAGR of around 6% during 2019-2024

Among the regions, North America Oral Anti-diabetic drug Market will continue to be the largest market in the forecast period, majorly driven by favorable government reimbursement policies in addition to high healthcare awareness. Countries such as India, China, and Brazil are a lucrative market for Oral Anti-diabetic drugs Market.

Over the recent years, oral anti-diabetes drug has been witnessing considerable growth on the back of rising incidences of diabetes, growing geriatric population, growing government initiatives, and continuous research and development conducted by pharmaceutical manufacturers. In addition, growing sedentary lifestyle, presence of diabetes medicines in the Essential drug List of the nations and wide insurance coverage for diabetes drugs have contributed to the growth rate of Oral anti-diabetes drugs. These factors are anticipated to provide higher momentum to the market growth in the forecast period. However, preferred use of insulin over oral anti diabetes drugs and the complications associated with the drugs has been hindering the market growth.

### Importance & Scope:

Endocrinology is the part of solution managing endocrine and metabolic issue. The endocrine system is made of hormone-producing glands, such as the thyroid, parathyroid, pancreas, ovaries, testes, adrenals, pituitary, and hypothalamus. These hormones control reproduction, metabolism, and growth and development. Most endocrine issues are unending and require ceaseless treatment. Some commonly treated endocrine disorders include diabetes mellitus, thyroid, and hyper parathyroid disorders, and osteoporosis. Some less regular however genuine endocrine issue incorporates, yet are not constrained to Addison's illness, Cushing's disorder, pheochromocytoma, and clusters of sexual advances.

In the United States, the most well-known endocrine illness is diabetes mellitus. Diabetes mellitus is a gathering of sicknesses arranged by a lack of insulin creation or the capacity of the body to utilize it. According to the American Diabetes Association, in 2010, 25.8 million children and adults in the United States (8.3% of the population) have diabetes. The study and treatment of diabetes have made endocrinology/ metabolic one of the most in-demand and important medical sects.

Conference series put together the entire eminent endocrinologist across the globe to share their knowledge and views on the respective conference theme.

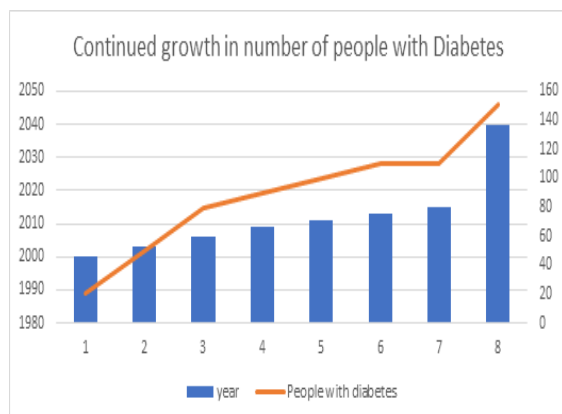

### Target Audience:

- Directors, CEO's of Organizations
- Business Development Managers
- Chief Scientific Officers
- R&D Researchers from Pharma Industries
- Professors, Associate Professors, Assistant Professors
- PhD Scholars
- Patent Attorneys
- Investment Analysts
- Diabetologists
- Endocrinologists

- Nephrologist
- Ophthalmologists
- Podiatrists
- Psychologists
- Dentists
- Nutritionists
- Surgeons
- Dieticians
- Diabetes Health Professionals
- Academic researchers
- Research Institutes
- Medical colleges
- Diabetes Societies & Associations
- Obesity Societies & Associations
- Endocrinology Societies & Associations
- Medical & Pharmaceutical Companies
- Medical devices companies
